Paul and Steel Record Slight Losses.

New York, N. Y. Dec. 4—Opinion as to the probable status of Southern Pacific in the dissolution of the Harriman system seemed to have changed over night and a rather eager demand lifted the stock two points. Hisewhere the movement was fractional and irregular for a lime, but hesitation gradually gave way to an upward movement. The improvement was checked when the market encountered the flood of liquication and short selling of American Cam.

The common stock broke to 33% and the preferred to 113%. Sharp losses were recorded in the remainder of the list. Union Pacific, Reading, St. Paul. Steel, Amalgamated and Lehigh loss one on two points and Smelting one. Bonds were easy.

Hasty liquidiation of Union Bag preferred on the passing of the dividend cost it 6% and induced some pressure analist other low ginces.

The general movement of prices showed little feature, speculation becoming quiet and important stocks fulling close to their low figures.

The market closed weak. Liquidation of Steel depressed it to 71%, the lowest for many weeks and undermined a rather smart advance in the general market which had carried some Issues a point or more above the lowest, General selling then ensued, with particular pressure acainst the copper group and some low priced saliroads, such as Erie and Bock Island.
